

P R E S I D E N T ' S R E P O R T

THE YEAR IN BRIEF

Rotaract Club of ATC, since its establishment more than two years ago and under the leadership of IPP Kwong Chiew Ee and her Board of Directors, had manage to sustain and brought the name of RAC ATC to a very inspiring level both in college and District 3300. The efforts and good deeds of the Board of Directors were passed on and continued by the new Board of Directors for the term 2009/2010.

It was indeed a challenging task. Even before the start of our term, doubts were cast on us and our credibility and ability had been questioned. However, this did not deter the newly elected Board of Directors from serving the Community and be relevant both in and outside of College. This was evident in the projects that had been accomplished by various service avenues in RAC ATC.

The aim and objective for RAC ATC for the term of 2009/2010 is to achieve the DRR Citation, RI Presidential Citation and even trying to achieve awards for the various service avenues in RAC ATC. The reason behind setting the objectives of the Club in line with the DRR Citation is to ensure that our Club will not sidetrack and it act as a guidance in the course of planning various activities and in turn benefit those who were involved in it.

MEMBERSHIP DEVELOPMENT

Chairman: Rtr. Tham Jun Jie

The Club membership focus this year is both to retain our old members as well as to attract new members into the club. A membership recruitment drive was held in the College itself for a one week duration during the month of August. Response was overwhelming and we are

Seeing that time is a factor for RAC ATC since our term will be shorter as compared to other Rotaract Clubs in the District due to the tight college schedule and external exams. As of now, we are trying our best to strive hard to achieve the DRR Citation and at the same time balancing it with our studies to ensure that it does not affect our academic performances. We are half way through accomplishing it and we really hope that at the end of the term, we will be able to achieve our goals and objectives.

Recalling what our Rotarian Advisor had once said, do not be complacent and indulge too much in the achievement of the Club as a whole, we took this advise seriously and strive our level best to bring RAC ATC into greater heights. Having race through half of the race for our term, I am indeed very pleased with the performances and commitment of both the Board and Directors and also the Club members. Although sometimes the workload seems to go over our heads, everyone of us in RAC ATC remain united and work hand in hand in achieving our ultimate aim and goal for the term. Certain changes and improvements have also been made to the Club and this is a continuing effort. We are also very touched with the tremendous support that was and is given to us from the college management and they had never failed to support us in various ways

able to get more than 50 membership forms filled within the 1 week duration. Besides that, activities of RAC ATC are also designed to attract more members into the Club through participation of the activities.

<u>Year</u>	<u>Total</u>
2008/2009	56
2009/2010	68
Increase	+12

that they could in helping ATC to grow from an infant to a small kid.

To accommodate the limited time that we have, the convention of completing at least 1 project for each avenue was followed. For our term, we have even try to stretch ourselves further and complete more than 1 project in the Community Service Avenue. In conclusion, RAC ATC is sprouting, growing, and shining!

Yours in Rotaract

CLUB SERVICE

Director: Rtr. Audrey Tan

The first activity in the Club Service's list was to attend the District Rotaract Assembly where the new Board of Directors of the Club received proper training and to equip them with sufficient knowledge about their office. Rotaractors of ATC also attended the District Awards Night/ DRR's banquet in the night of the same day.

Next, we were invited to Rotary Club of Ampang's 26th Anniversary and Installation Dinner where we witness the installation of President Abuli and his Board of Direc-

tors. We also attended Rotaract Club of Bangsar's Installation. Our very own 2nd Installation and Charity Banquet was again held on the 10th October 2009 in "Leslie's HideAway" with a Hawaii theme. We are glad to have President Abuli and his Ann as the Guest of Honour, DRR Sanjeev and even the General Manager of ATC, Ms Betty Chin to witness the significant event of the Club.

We were given a golden opportunity to co-organise the District Rotaract Conference 2009 to-

gether with two experienced Clubs in the District: Rotaract Club of Port Klang Centennial and Rotaract Club of Subang. This was a big leap and a brand new challenge for the Club and we are glad that everything went well

We also organized a trip for Skytrex Adventure at Bukit Cahaya, Shah Alam and a badminton friendly with our sponsoring club, Rotary Club of Ampang, and also our younger counterparts from Interact Club of Sri Cempaka

COMMUNITY SERVICE

Director: Rtr. Erna Farhana

After some detailed discussions, we have decided to have a whole new project instead of continuing with our previous project which was the adoption of "Rumah Chrestus". Identification has been made and we find that the orphans there are indeed quite well to do as they are receiving aids from other parties as well.

We thus introduce the "Food Project" as our new flagship project.. We collect funds for the children of a particular school in Puchong to enable the canteen to provide food for the students

who cannot actually afford even to buy their own meal. Providing food is both mentally and physically important to everyone. We are also in the midst of finding kind sponsors to provide bookshelves for the orphans in Precious Children's Home, Petaling Jaya.

As part of our Community Service effort, we conducted visits to SPCA, a shelter home for abandoned dogs and cats.

In collaboration with the Rotary Club of Seberang Jaya, the

Club has also continued to place a collection box to collect aluminum tin tabs for their Artificial Limb Foundation. So far, two big bags of tin taps have been collected.

PROFESSIONAL DEVELOPMENT

Director: Rtr. Matt Lee Kian Yuan

We took a little time out of our busy schedules to attend the "Youth Congress" jointly organized by Rotaract Club of Taylors and Rotaract Club of Port Klang Centennial. It was indeed a very impressive programme where we truly benefited from it.

Instead of developing the professional skills of our own members. We had decided to

be a little different this year. Our Rotaractors conducted a workshop during the District Interact Conference 2009 to share on the topic of "Constitutional rights and Convention Rights of a Child".

The conference was attended by no less than 600 students. More than 10 of our Rotaractors went as fa-

cilitators to guide a group of approximately 60 people each. We were glad to be given this opportunity.

INTERNATIONAL SERVICE

Director: Rtr. Amelia Jong

Lending a helping hand has no boundaries.

Through the "Little Shoes for the African Children", little shoe keychains were sold at the price of RM8 each and the profits out of the sale will be channelled to Africa to enable them to buy foot wears .

We recognised that all kinds of diseases will be infected in the absence of shoes. This was actually the first activity

of our Club and our sister club Rotaract Club of Ampang and Rotarians from Rotary Club of Ampang came together to paint the shoe keychain and to give a brief introduction of Rotaract. It was attended by no less than 20 Rotaractors coupled with Rotarians.

FUNDING

Director: Rtr. Lim Soo Wen

A Club can hardly survive without sufficient funds. Rotaractors went all out to sell flowers during the Convocation Ceremony of the Advance Tertiary College in KLCC where the profits made was enough to cover some of the expenses of our projects of various service avenues

PUBLIC RELATIONS AND PUBLICITY

Director: Rtr. Rachel Yap

A new Club registration form was drafted where more information of Rotaract can be found in the registration form to provide a better view of what is Rotaract.

A Facebook group was also set up. This group provides a platform in which communication between members are made easier. The club's blog has been moved from www.rotaract-atc.blogspot.com to www.rotaractatc.wordpress.com
