

I, **Eric Chan from RAC Kelana Jaya**, would like to nominate the following name for:

Best Rotaractor

District Rotaract Representative Nominee **Kwong Chiew Ee** from RAC Ampang. Through her years in Rotaract, DRRN Kwong Chiew Ee has put a lot of effort, time and passion into Rotaract. Started off with RAC ATC, she led a very young club with members whom are fairly new to Rotaract, and turned them into a strong and creditable club in a few short years. Under her leadership, not only has RAC ATC made a name for themselves within the Rotaract District as an energetic, professional and well organized club, they were also well recognized and highly regarded by the management of ATC.

Once Chiew Ee graduated from RAC ATC, she then started the revival of RAC Ampang, which until her arrival was an empty shell. Again, through her strong leadership and relentless dedication, Chiew Ee has turned many new inexperienced members into becoming solid and committed Rotaractors. She has managed to pull the young club together and build a strong bond among its members. She also managed instill a deep sense of commitment among the members, as well as actively exposing them to District events.

At the district level, Chiew Ee's commitment and effort is there for all to see. She held various positions in the district in recent years, which include being the Assistant DRR and an important member of the District Training Team that have set forth many guidelines and materials that the district is guided by. She has also contributed significantly in shaping the district's direction and into becoming a strong and closely knit district.

With the commitment that she has shown, and the impact and exposure (if not yet any significant success) that she brings the club to, I feel District Rotaract Representative Nominee **Kwong Chiew Ee** deserves to be the Best Rotaractor for RY 2011/2012.
