

# Best Rotaract Club Nomination

---

I would like to nominate the Rotaract Club of Penang as the Best Rotaract Club for the Rotaract District Awards RY2010/2011.

Rotaract Club of Penang has been one of the most active, if not the most active Rotaract Club in the District for this term. I do not know how many projects they have organized this term. I have lost count. But what I do know is that some their projects have left a deep impression on my mind, and in the mind of many other Rotaractors I am sure. The Love Alive Charity concert, Project Build a Home and Honk for Japan are among some of the projects. Their fellowship project, the Ballz Game Series deserves a special mention too.

Rotaract Club of Penang's initiative in promoting Rotaract to Interactors in Penang also deserves commendation. President Nicholas Goh led his team on a "roadshow" around Penang, promoting Rotaract to schools with Interact Clubs. This has definitely enhanced the profile and reputation of Rotaract in Penang.

When they were asked to organize the District Awards Night and the District Sports Day (DAN & DSD) by DRR Sanjeev, the Rotaract Club of Penang accepted the challenge without flinching. I regret that I will not be able to attend the DAN & DSD, because it would have been a great opportunity to experience first-hand the efficiency and capabilities of these Rotaractors.

The fact that the majority of the Rotaractors in the club are new and inexperienced Rotaractors makes their achievements even more astounding. They have been worthy ambassadors of Rotaract. These Rotaractors have brought vigour to a Club that has previously been threatened by dwindling and aging membership. Their attitude and work ethics are the perfect personification of the Rotaract motto - Fellowship through Service.

This term, we have seen many clubs which were mediocre; some which were good; and a handful which have been truly outstanding. But I can say with the greatest conviction that Rotaract Club of Penang has been exceptional and deserves the Best Rotaract Club Award.

Yours in Rotaract,  
**Kwong Chiew Ee**  
President, Rotaract Club of Ampang  
District Trainer, District 3300 Executive Committee.
