**Non-Project Oriented Category:
BEST ROTARACTOR**

Prepared By: CRYSTAL HEW

**ROTARACT CLUB OF
KELANA JAYA**
RI DISTRICT 3300

Rotaractor

I, Crystal Hew from Rotaract Club of Kelana Jaya would like to nominate President Chang Shea Speare from Rotaract Club of Penang as the recipients for Best Rotaractor Awards for RY2012-2013. President Shea Speare took office on July 2012 with full commitment and passion.

His involvement in Rotaract D3300 and Rotaract Club of Penang is humongous. As a President he managed to keep Rotaract Club of Penang in a better shape, he is committed, responsible, supportive and showed his leadership through various activities/projects. He took the initiative to have fellowship and conduct multiple joint projects with Rotaract Club of AIMST and Rotaract Club of Sentral Technology College such as Inter-Rota-ACT Christmas Gathering, joint installation and R.O.A.R(Red-Rotaract Outreach at Ria).

During his term, he is able to expand and extend Rotaract Club of Penang's networking even wider, from Interactors to Rotaractors in the district to international Rotaractors, i.e Philippines. His aim for the term is to reunite all Rotaractors in the district and this has been proven by the PENTA Project. President Shea Speare initiated the joint community service project and extended the organization to 5 Rotaract Clubs in the district. This has never been done before and this project provides a great impact not only to the home residence, but also to the Rotaractors and Rotarians. Besides that, he also has several joint projects with other organization such as Sri SathyaSai Baba in a Project Build a Home. As a President, he shows great example to all his members and Rotaractors in the district. He is definitely walking the talk.

President Shea Speare has also managed to further enrich and strengthen Rotaract Club of Penang's relationship with their sponsoring Rotary Club as well as the Interactors. Constantly involving their sponsoring Rotary Club and engaging Interactors in all their projects, activities and fellowship, President Shea Speare built an even stronger bonding with both their partners in service than it already was.

Under his leadership, Rotaract Club of Penang has also inducted many new members into the club. With senior members of the club maturing in age and experience, and some moving away for studies and work, President Shea Speare led the drive to bring in new blood to the club. It shows his foresight in ensuring continuity and growth in the club. Through his leadership, many of them have grown very quickly and are now part of the incoming Board of Directors.

With the commitment that President Shea Speare has shown, and the impact that he brings the club to, I feel that President Shea Speare deserves to be the Best Rotaractor for RY 2012-2013.
