

ROTARACT CLUB OF SUBANG

DATE OF CHARTER : FEBRUARY 7, 1986 SPONSORED BY ROTARY CLUB OF SUBANG

RAC Subang would like to nominate PP Belvinder Kaur as the Best Rotaractor.

Belvinder has been with RAC Subang since 2009, joining the club when there were only 5 members due to encouragement from her sister, Kulvinder Kaur (Past President of RAC Subang). Being new to the Rotaract World was certainly one of the motivation factors that kept pushing her to learn more. Within a few months after joining the club, she took up the challenge to become the Club Secretary, Pushing herself to greater limits, she became President of the club in just under 1.5 years. Under her leadership, RAC Subang grew into a bigger club, both in quantity and quality.

Belvinder's nickname in the club is "Mama Bel", given to her because of her motherly and caring advice towards the members. Most of our club members treat her as their counselor, constantly consulting her for advice. Her "Mama Bel" care and charms went beyond the club when she was selected as the District Secretary RY2012/2013, where new Rotaractors are consulting her for any Rotaract advice.

Being a person that embraces the Rotaract spirit, Belvinder constantly shared on Rotaract among her circle of friends. She has invited 5 guests to the club and to date 3 of them have become members in which one of them is the current President Jimmy Cheng. Belvinder has guided the newer generation of Rotaractors when they become Board of Directors (BOD). She guided Jimmy from a normal member to a Professional Development Director and became his mentor when he took up the Presidency position. Similarly, she gave a lot of inputs and advice to our current Club Secretary Sylvia Chew to ensure documentations of the club activities is not only in order, but they are done promptly and with precision. Over the years, she's the one always keeping in touch with guests and ensures their attendance to the club, always wanting them to be more welcomed and having a sense of belonging in the club.

Having continuously been a BOD since joining the club, Belvinder has experienced being new to the working world and last year embarked to pursue her Masters of Business Administration (MBA). Her time management is clearly proven as she juggles between her work, studies and Rotaract. In addition, she volunteered herself to the position of DRR for RY2014/2015, all these while being very active in the club.

Due to her friendly attitude, she is well liked by many and is a prominent feature in any district event and is well known by all the clubs in the district. Since her presidency till currently, Belvinder has encouraged and succeeded in getting more RAC Subang members to attend international Rotaract event, such as APPRC, RI Convention and the hosting of our Rotaractor friends.

Belvinder has and is very valuable to RAC Subang. She has never failed to provide the club with good ideas and insights as well as providing suggestions to solutions. She has definitely been a mentor to the members of the club with her experience form organizing and executing projects to taking leadership and ownership. Her resourcefulness and willingness to help has made both members and guests of the club to feel more at home in the club. RAC Subang strongly feels that her work and dedication to both the club and the Rotaract Organization as a whole is admirable and commendable.
